Paris, Aug. 7.—The women of Paris rose yesterday to the emergency created by drafting the men of the city for the army. Society women took the places of men clerks in stores to sell necessities.

Young girls sold tickets in the underground stations. Others acted as waiters in cafes. Grocery stores and meat-shops were run by women. Small boys were put on as guards on the underground trains. The motormen are aged, gray-haired men ineligible for service in the army. Paris enjoys the novelty of women doing men's work, and the women apparently enjoy it also.

The fashionable stores on the Rue de la Paix are nearly all closed. Parisian "creations" can be bought almost for nothing, but the Americans here are not purchasing, first because of the difficulty in obtaining cash and second because railroads are refusing to take anything but hand baggage.

A score or more of the big Paris hotels were forced to close yesterday owing to lack of help in engine rooms and other places where heavy manual labor is required.

The war has levelled all classes. French society women have taken into their homes the destitute wives and children of private soldiers, ordered to the front. The American adventurer gets the same treatment from the American embassy as the millionaire.

The rush of the Americans to the embassy abated somewhat yesterday. Ambassador and Mrs. Herrick estimated that all Americans in the city have now been provided with police passports required. There is always a crowd at the embassy, however, anxious to hear whether any definite arrangements have been made for the return of Americans to "the States." It was observed on Wednesday night that Thomas Ryan, son of the American millionaire, and Oscar Underwood, Jr., son of the senator-elect from Alabama, had to take their places in a line of Americans who desired to see the ambassador. Mrs. Howe, a sister of President Wilson, stood for hours in line. Up to yesterday 8,500 Americans had registered at the embassy.

Nearly all Paris newspapers have sus-

ended, owing to lack of print paper and answering of the call to the colors of their staffs of reporters, editors and printers.

Le Matin, however, appeared yesterday in single sheet form. Prominent on the front page was an offer from Paul Maurice Charnier, a flag-maker, to give \$1,000 to the first soldier, private or officer, who captured a German standard.

One hundred Americans offered their services to the French war office yesterday. A company has been formed and the Americans have asked permission to assume a uniform identical with that worn by the men of Lafayette's army, assisting America in the Revolutionary war.

## RECEIVERSHIP IS ENDED

On Slate Company Case in Rutland County.

Rutland, Aug. 7.—The litigation between the various partners in the Williams Slate company, one of the large slate manufacturers in the western part of Rutland county, came to an end yesterday, when Judge Frank L. Fish of Vergennes signed an order releasing Henry Carpenter of this city as receiver and ordering him to deed the plant of the concern to Hugh G. Williams of Granville, N. Y., one of the owners of the business.

Mr. Carpenter was appointed receiver several months ago. There have since been a number of hearings on different phases of the case, the accounting made by Mr. Carpenter having resulted in satisfactory adjustment of matters between the partners.

The case of Philip Ryan of this city vs. Abraham Newman of Rutland has been appealed by the defendant, from the city court to the county court. Ryan made a horse trade with Newman and afterwards took the horse out of Newman's barn, claiming that the bargain had not been completed. Newman had him arrested for horse stealing and while he was in jail sent the horse out of town. Ryan brought a civil suit to recover it and City Judge F. G. Swinerton decided in his favor.

## PENNSYLVANIA COAL MINES.

172,196 Men Engaged in Bituminous Coal Mining.

The number of men employed in the bituminous-coal mines of Pennsylvania in 1913 was 172,196, according to the United States geological survey, and they made the unprecedented high average of 207 days against 165.144 men for 252 days in 1912. In four counties, of them the Connelleville coking-coal counties, Fayette and Westmoreland, the average working time exceeded 280 days. The average production per man for the years exceeded any previous record of any state and amounted to 1,009 short tons.

Owing to the European war, the international chess matches at Mannheim, Germany, have been stopped. Marshall, the New Yorker, has one of the three players tied for fourth position.

NOTHING TO CAUSE  
APPREHENSION

Business Going Ahead After  
First Excitement  
is Over

Washington, Aug. 7.—"The situation is excellent. I do not see how it could be more encouraging under the circumstances." This was the expression yesterday of Secretary of Commerce Redfield, when asked about the general financial and business situation. "The point is that the country has stood the first shock," said he. "People sometimes forget that in a time of war as something like a regular course. Once the first shock, the first excitement is over, the tendency is for business to adapt itself to conditions and go ahead. We have got over the first shock in excellent shape and I have no apprehension as to the future." With respect to this country doing an active business on account of the war and in spite of the war, Secretary Redfield is optimistic. He is confident the United States in a short time will find plenty of outlet for its products and that there is going to be no dearth of shipping facilities.

## NO RECRUITING HERE.

Useless, Because the Would-Be Fighters  
Can't Get Home.

Washington, Aug. 7.—Orders were issued yesterday by Ambassador Dumba to all Austrian consulates to obtain no more recruits for the Austrian army. The secretary of embassy said it would be impossible to send the men home after they reached Atlantic ports because of the neutrality proclamation.

That similar action will be taken by the German embassy at Newport was the opinion of Chancellor Edler, in charge of the embassy here.

Both the German and American embassies here were entirely cut off from communication with their home offices.

Ambassador Dumba advised the secretary of chancery that he could not even learn the whereabouts of his wife. She was reported last at Baden Baden, Germany.

## U. S. OFFICERS WARNED.

President Tells Them Not to Talk About  
European Situation.

Washington, Aug. 7.—President Wilson yesterday directed that all officers

of the army and navy, whether active or retired, refrain from discussing publicly either the military or the political situation in Europe.

## CHEERS FOR KITCHENER.

London Shouts Applause for New Minister of War.

London, Aug. 7.—When Earl Kitchener drove to yesterday's meeting of the cabinet he was greeted with enthusiastic applause everywhere. The appointment of the earl to be minister of war was a great popular stroke by Premier Asquith. Conservatives and Liberals alike indorse the move as making for an intelligent administration of the army during the war.

According to The Telegraph, General Sir Ian Hamilton, inspector-general of the over-sea forces, will command the home army.

The duke of Devonshire has offered his historic town house as offices for the Red Cross.

## CANADA MOVING MILITIA.

Troop Trains Are Carrying War Forces  
Toward Pacific Coast.

Victoria, B. C., Aug. 7.—The Canadian militia was concentrating here yesterday. Troop trains arrived from Vancouver and general movement is toward the coast.

## PETERS TO THE TREASURY.

President Nominates the Boston Congressman to Assistant Secretary.

Washington, Aug. 7.—President Wilson yesterday nominated Representative Andrew J. Peters of Boston to be assistant secretary of the treasury. If confirmed, he will succeed Charles S. Hamlin, who has been appointed to the federal reserve board.

## Result in Doubt.

Topeka, Kan., Aug. 7.—While Charles Curtis, former senator, continues to hold a lead over Senator Joseph L. Bristow for the Republican senatorial nomination in Kansas, late returns from Tuesday's primaries left the result in doubt.

## Lovin eGts It.

Springfield, Mo., Aug. 7.—A. B. Lovin received the Republican nomination for Congress in the seventh district of Missouri, according to more complete returns yesterday. Earlier returns had indicated the nomination of James J. Alford.

## FRECKLES

Now Is the Time to Get Rid of Those  
Ugly Spots

There's no longer the slightest need of feeling ashamed of your freckles, as the prescription of othine—double strength—is guaranteed to remove these homely spots.

Simply get an ounce of othine—double strength—from any druggist and apply a little of it night and morning, and you should soon see that even the worst freckles have begun to disappear, while the lighter ones have vanished entirely. It is seldom that more than an ounce is needed to completely clear the skin and gain a beautiful clear complexion.

Be sure to ask for the double strength othine, as this is sold under guarantee of money back if it fails to remove freckles.—Advt.

## IN THE FIELD OF SPORTS

The big European war has been a hard blow to American sports. This week notice was served by Sir Thomas Lipton that the big international challenge yacht race would be called off. The international chess matches in Germany were suspended. Swimming the English channel will be precarious. It is expected that Applegarth, the famous English sprinter, will not compete in the Toronto games on Sept. 12 unless the war blows over.

William, the bay four-year-old colt driven by Marvin, broke world's records at the Grand Rapids, Mich., meet of the grand circuit this week. William lowered the pacing record for his age and also for one and for three heats. In its first heat, William stepped the mile in 2:00½, equalling the world's record for actual race held by Star Pointer, Minor Heir and Evelyn W. In its next heat, William traveled the heat in two minutes flat, placing the record where it will not be touched for ages. William duplicated its time of the first heat for its third try.

The Boston Braves have won the last twenty-three out of twenty-eight games played, winning the last nine straight. Rankin Johnson, the former Red Sox pitcher, who was traded to Cleveland in exchange for Vean Gregg, has joined the Chicago Federals. Johnson seemed to be dissatisfied with the shift to Cleveland and within a short time came to terms with Joe Tinker. Johnson was considered one of the best pitching finds from the minor leagues. At the close of last season most of the big league clubs were looking for his services. With the Boston club he was not rated as a world-beater, but gained considerable prestige from his two victories over Walter Johnson, his namesake.

It is expected that next season the Boston Braves will play all of its games on the Boston American club's grounds. The old National park is proving inadequate to handle the big crowds that are turning out to watch the Braves. The Braves will play Saturday and holiday games at Fenway park for the remainder of the season. The New York Americans are using the New York National club grounds this season.

Baseball news is noticeably scarce these days, in view of the increased demand of the war news for additional space.

Owing to the disturbed conditions, Lawson Robertson, the former trainer of the Irish-American A. C., who has been engaged to train the Austrian athletes, will not report for some time. He will continue to handle the affairs of the Irish-American organization.

The 400 yards three-foot hurdle event has been added to the number of events at the national championships. A good

number of quarter-milers have started training for the event. It takes a lot of endurance to go through that race with any kind of speed.

New York fans are wondering if Chief Meyers, the big Indian catcher, is going back. His form this season has not been extra good and in fact Long Larry McLean is outbidding him for his job. McLean at present has the call on Meyers for the position.

The rumor is current that President Gilmore of the Federal league is anxious to locate one of his clubs in the city of Cleveland. Gilmore was recently turned down when he approached a Cleveland brewer for a big loan.

Holden, the New York American outfielder, who was traded to the Baltimore Orioles in part payment for Birdie Cree, is wandering about with nothing to do. After he was shipped to Baltimore, he balked and refused to join Manager Dunn's aggregation. He then started negotiations with the Feds. His figures were exceedingly high and he was turned down.

There is grave danger that Frank Schulte, the slugging outfielder of the Cubs, may jump to the Federals. During the past week Schulte has had considerable trouble with Manager O'Day.

who has been playing Knisely in the outfield occasionally to replace Schulte. The regular outfielder kicked up such a rumpus that O'Day finally had the player suspended indefinitely. Now Schulte threatens to join the Federals.

Buck Freeman, the famous home run slugger of the Boston Americans back in the old championship days, is now umpiring in the Canadian league. Freeman was angling about for a position in some of the eastern leagues, but failed to land his desired prize.

Elmer McDevitt, the former Yale football player, has been selected to assist Fred Murphy as coach of the Northwestern university this coming fall. The Northwestern team has been after McDevitt since last fall.

Eddie Collins of the Mackmen has always had respect for the pitching of Walter Johnson. There is a reason for this. Recently a statistician compiled figures of Collins' batting against the Washington star. It was found that Collins has batted for 144 against Johnson. He has made 16 hits out of 110 times to bat.

Frank Chance thinks that Manager Carrigan of the Red Sox got the better of the deal with the Naps for Vean Gregg.
